Contact Person: Cynthia Nethen-410-531-3819

Dear Mr. Gould:

The Nontidal Wetlands and Waterways Division of the Water Management Administration (WMA), in coordination with the U.S. Army Corps of Engineers, has completed a preliminary review of your application for an activity in a floodplain, waterway, nontidal wetland or buffer.

Based on the most current plan, received by this office June 4, 2004, this project will have no impact to notidal wetlands, nontidal wetland buffers, streams or the 100-year floodplain, therefore, the project is exempt and does not require authorization from this Division or the U.S. Army Corps of Engineers.

If you have any questions regarding this letter, please call me at the above number. Please have your application tracking number available when you call.

Sincerely,

Cynthia C. Nethen  
Project Manager  
Nontidal Wetlands and Waterways Division
